THE SPECULATIVE MARKETS.

Sharp Break of Yesterday Had Exhausted the Margins in Wheat.

SOME EARLY SELLERS TOOK FRIGHT.

Corn Was Fairly Active and Stronger, but Early in the Session it Sold off a Triffe-Stocks and Bonds.

CHICAGO, Ill., Jan. 8.-Wheat made a weak start and for a time it looked as though it had no friends left. The sharp break of yesterday had exhausted the margins on many deals and brought the property up in the market. The longs were discouraged and sacrificed their holdings while there was still a good deal of bold and vigorous short seiling. Lower cables helped to develop carry weakness and for a time the outlook was demoralizing and the prices went off over le from yesterday's close. But or this break the selling suddenly came to a bait, then the cold wave began to cause uncasiness for the winter New York reported clearances in wheat and flour of about 5:0,000 bu., and pork starting in a boom, all combined to bring about a sharp reaction. Some of the early sellers took fright and began to buy back. Scalpers hought for an upturn and shorts, who had been holding off to cover at the bottom, began to think it might be prudent to cover at once and did so. Under this demand prices gradually improved and the loss was

prices gradually improved and the loss was regained.

George Smith, Lester, Schwartz-Dupee and Milbrine-Bodman were good buyers in the break. Partridge was also a liberal buyer almost from the start and was supposed to be covering the short line be has been putting out for a week. Private dispatches from San Francisco said that the export surplus of the Pacific coast would be exhausted by February 1. The market continued strong to the close in spits of the fact that late cables were weak. Berlin being Pacific lower and Paris showing the same decline. May opened rugged, with the same time at all the way between 97%c and 60%c against 60%c, railled and with minor reactions advanced to 90%c, closing firm at 1974c.

Orn was fairly active and stronger; early in the session it sold off a trifle on a sharp break in wheat, but soon turned and sold up lie or more, helped by the reaction in wheat and the boom in provisions. The receipts were only lifters with only six of contract grade. The market held its own throughout the day and closed at about the top. May opened lie off at 41c, advanced to 41;c and closed at 41%c.

Chicago, Ill., Jan. 8.—Counselman & Day to Cockrell Bros.: May wheat broke 1½c below yesterday's closing on carly saises on stop loss orders, but made 1½c rally, mostly on shorts covering, and finally closed the same as yesterday. Cables were hardly as weak as expected and brought some buying orders, but bids were generally too low to work. The fact that shorts were able to cover very heavy lines at½c average below yesterday's low point after the 2½c break shows that liquidation was general, and the market tonight is probably nearer evened up than at any time since May wheat was \$1.05. No doubt the short lines will be put out again gradually, but local traders seem satisfied that a further up turn is due. Sample lots were ready saic at yesterday's figures, and three firms reported round lots worked for export. Corn and oats were in active demand from slippers and receipts in sympathy with other markets. In samples corn was firm and oats stealy on shipping orders. Provisions were very strong and commission honses were buyers all day. Packers were divided early, but on reports from the stock yards of a 3c to 5c advance in hogs the buying became general and the market closed strong on the top notch. We hear of some May pork to be sold if pork reaches \$2.01 tomorrow.

Chicago, Ill., Jan. 8.—Kennett. Hopkins & Co. to S. A. McWhorter. Covering of large lines by short and sales of long wheat on stop loss orders have been the features today. Pardridge sold moderately on the early r.lly, but was a conspicious buyer all day on soft spots. Room traders generally thought a rally due after so serious a decline, and have worked mainly on the long side. The wheat looks nearly evened up so far as local traders are concerned and no doubt an effort will be made to advance prices. Some buils and bears also favor it. Something may turn up to bring an outside buyers, but the situation instities materially lower prices at no distant day. Clearances were rather l

Guicago, Ili., Jan. 8.—F. G. Logan & Co. to J. Sands Commission company? The wheat market has been fairly active. May opened at 12½c and soid up to 80½c. The closing price is 93½c to 80½c. The prominent feature toward the close was the heavy buying by Parjridge. Values in the near future will depend a good deal on wint receipts are. The foreign demand is light and will continue so for some weeks. The new crops of Australia, the Argentine Republic and Chill will be freely offered from this forward and no doubt will have some influence on prices. May wheat 83c. say 31s. looks cheap, but in the absence of speculation it will go lower. In corn there is very little doing. May opened at 41½c, soid up to 41½c and c osed at 41½c to 4.½c. The advance in provisions helped to sustain it. We look for still lower prices. Hog product is strong. The outside buying has been and still is rood. We feel friendly to it on all weak markets and believe it will pay to buy. All product is a good investment and with a lettup in receipts of hogs the advance will be sharp and decisive.

sharp and decisive. STOCKS AND BONDS.

NEW YORK, Jan. 8 .- The stock market today was very active and feverish throughout, but while the amount of business done falls short of that of yesterday, there was no less interest in the transactions, which were, if anything, more significant on the whole. The irregularity in the movement continued to be feature of the trading until the close, and while New England, Bock Island, Manhattan, Louisville, New Albany & Chicago and Northern Pacific preferred, with some of the low priced Specialties, were especially strong, Missouri Pacific, Union Pacific, Distillers and

Atchison were weak points. The general list, however, was quiet and moved within comparatively narrow limits, and the excessive trading in the few more prominent stocks brought the day's business up to its highest figure. The bears were again active and aggressive and made drives at several stocks and ifferent times, and these efforts yesterlay and today have, it is believed, close tout the stop orders which have been a mesace to the speculation.

and today have, it is believed, close i out the stop orders which have been a menace to the speciation.

The transactions in Chicaro Gas were still enormous this morning, probably 20.08 shares changing hands in the first litteen minutes trading, while it opened at different prices from 31 to 74, while it only went is per cent below the former prices during the day. The strength displayed by the stock quickly restored confidence and it advanced to 55, the general market gathering strength in the meantime. The feverishness, however, never departed from the stock and the drop of 3 per cent in Distillers, which was enzineered for further effect upon the general market, seemed to have no further influence than this. This decline was as quickly recovered as the other and New England immediately came to the front, continuing its remarkable upward movement, helped by further rumors favorable to the combany. Special pressure was brought to bear upon the Gould shares and Union Pacific displayed real weakness, but the sharp upward movement given Mannattan served to disseminate the lifes that the insiders were not using their efforts to depress these shares. The most remarkable mivement of the day was in the securities of the New York & Northern, the stock advancing on large transactions from 195 to 26, the bonds following closely. Most of this was retained at the close. The general market closed active and firm generally at small fractional gains for the day. Distillers is 1% per cent lower this evening, but New England is up 2% per cent and Richmond & West Point are each I per cent higher, while New York & Northern, Richmond & West Point preferred and Susquehanna & Western preferred are up large amounts.

Government bonds have been dull but firm. State bonds have been entirely neglected.

New York, Jan. 8.—The Post says: Yesterday's trading was the culmination of what may be properly described as only a gambler's market. The folly, recklessness and bad faith which marked its progress and elimax would have made notorious the least reputable fare table or pool room known to our times. This is strong language, but it has ample justification in the facts. Nothing could be conceived of more gratifying to the ailied agitators whose profession is the dennunciation of Wall street than the spectacle which this week has been presented of a group of experts, trained in the business, tempting into the gambling whirl a multitude of foolish and purblind dunes only to turn on them at the last and strip them of what they had. These unfortunates never learn a lesson from the past; never investigate facts before they believe assertions. Not being built upon the sand, this market endured the strain of such an episode and ratified from it. The market has been honeycombed with stop orders in the stocks referred to, and the bear raiders captured the stream of the past than the stocks referred to, and the bear raiders cap-Financial Review. stocks referred to, and the bear raiders cap-tured the greater part of them yesterday. London, Jan. 8.—[New York Herald Cable—Special to Titt Ber.]—The stock market opened dull on the death of the khedive of Egypt, but closed with a better tendency with an advance of 1% per cent. Home rails closed with a fairly good tone. American railroads opened flat in response to the fall in New York and in sympathy with the markets here. In the course of the afternoon they have improved in tone and the close was in the same degree of firmness, though the changes established are all against holders. Denver preferred has fallen 1% per cent on passing of the dividend; Louisville & Nashville are 1 per cent lower, others are one-fourth to three-fourths of 1 per cent up. Canadian lines met moderate attention. The close was a small improvement. Mexican ordinary preferred is unchanged. There is no improvement in the [Copyrighted 1892 by James Gordon Bennett.] improvement. Mexican ordinary preferred is unchanged. There is no improvement in the demand for money with an undiminished supply of floating capital. Short loans have been obtained at one-haif to three-fourths of 1 per cent discount. The market was also very quiet. Two and three months bills are quoted at 2 per cent.

New York Mining Quotations,

NEW YORK, Jan. 8.—The following are the losing mining stock quotations:

Mexican:

OMAHA, Jan. 8.

Receipts for five days' foot up 11,000 cattle, 17,101 hogs, and 707 sheep, against 7,302 cattle, 11,771 hogs and 1,188 sheep the corresponding 31.771 hogs and 1.188 sheep the corresponding five days last week.

CATTLE—The supply was not excessive, but the quality was generally rather fair. Dressed beef buyers wanted some cattle and shippers had good orders. As the supply was somewhat limited and eastern advices favorable, the market was active, with values generally about 16c higher than yesterday all around. On good light killing cattle, that is weighing around 1,103 to 1,200 lbs, the market showed even more advance. The limit reached was \$1.40 for a bunch of very good 1,450-ib beeves and trading was largely from \$3.45 to \$1.80. The foremoon's trading about cleared up the receipts.

There was an active trade in butcher stuff There was an active trade in butcher stuff and on the more desirable grades prices ruled about fee higher than Thursday. In fact the greater part of the decline of the early part of the week has been regained. A few right good helfers sold in with some steers for \$3.50, but the bulk of the good cows and helfers sold at from \$1.25 to \$1.75 and the bulk of the trading was from \$1.85 to \$2.45. Calves were steady at from \$2.00 to \$4.50 and bulls, oxen and stays firm at from \$1.75 to \$3.00. Representative sales:

Hoos—Liberal offerings both here and at
Chicago made sellers a triffe shaky at the
opening. There was a good local and shipping
demand, and when buyers started in bidding
a nickel higher than Thursday they generally
found skiesmen ready and willing to let go at
the advance. Competition was brisk and this,
with favorable advices from Chicago, soon
caused buyers to raise the r hands, and some
of the late sales were all of the higher than
Thursday, at which advance the market
closed firm. On the early market the bulk of
the good heavy hogs sold at \$3.80 to \$4.85
and the common heavy and mixed packers
mostly at \$3.80. Toward the close, however,
the good heavy hozs were selling at from \$3.85
to \$4.90 with common heavy and mixed packers
ers at from \$3.81 to \$4.85. Light hogs were in
strong demand, both local houses and shippers wanting them. Sales were at a range of
from \$4.75 to \$4.85, with the bulk at \$4.80. It
was a tolerably lively market from \$4.85 to
finish, the bulk selling at from \$3.85 to \$3.85,
against \$4.75 to \$3.80 yesterday. The average
cost was \$3.83%, against \$4.77 yesterday
and \$3.69½ last Friday. Representative sales:

Chicago Live Stock Market,
Chicago, Ill. Jan. 8.—[Special Telegram to
The Bre.]—The cattle market did not open
very promising this morning, buyers being
slow in getting to work, but the later trade
was satisfactorily active and values, which
were easy at the start, worke i firmer. Useful
sorts generally made a little better prices
than on yesterday or the day before, and even
the least attractive lots were firm. There was
a continued scarcity of prime shippin, stock
and the entire supply changed hands below
\$4.75. The popular prices were from \$1.25 to
\$4.50 for common to good 1.100 to 1,400-1b steers
and from \$1.75 to \$2.75 for cows and buils.
Quotations run from \$1.25 to \$3.50 for poor to
extra cows, \$1.85 to \$3.50 for stockers and feeders, and \$1.01 to \$6.00 for dressed beef and
shipping steers. shipping steers.

Prices of ho.s continued to advance. They

Prices of hots conflined to advance. They were from 5e to be higher than on yesterday. Scarcely any of the offerings were so poor as not to be saleable at better than \$4.00 per 100 lbs. From that figure sales ran up to from \$4.25 to \$4.30 for choice assorted heavy weights and \$4.20 for prime light. Although the quality was rather common the bulk of the stuff was weighed at from \$4.05 to \$4.20, 112ht, medium and heavy sorts all selling close together. By noon the pens were practically empty and the close was fairly steady at from \$4.05 to \$4.25 for poor to choice grades.

The sheep trade was active at a higher range of prices. Shippers and local slaughterers both bought liberaily and the supply not ucing sufficient to go around there was an appreciation in values of, loc. The market has been active all the week and the general tendency of prices up yard. The close was higher than last week at from \$4.75 to \$5.75 for poor to choice sheep and at from \$4.75 to \$6.60 for lambs of corresponding quality.

DEATH OF JOSEPH. SHEELY.

Pneumonia Brings an End to the Busy Career of an Omaha Pioneer. Joseph F. Sheely died of pneumonia at 5 o'clock yesterday morning at his residence, 2538 Leavenworth street. Ever since last winter Mr. Sheely's health has been poor, i having been impaired by a serious attack

of la grippe.

Mr. Sheely was 63 years of age and came to Omaha in 1859, after having been running on a Missouri river steamboat. By trade he was a caudy maker, but after locating in this city he, together with his brother John, opened a butcher shop which grew into a pork packing business of considerable mag nitude. He was also idedentified with the volunteer fire department and for two years, from June, 1868, to 1870, he was chief of the department. He was also fire chief a short time in 1874 when the present chief, Jack Galligan, relieved him. A few rights ago he was elected treas-urer of the Veteran Firemen's association. In 1888 Mr. Sheely erected the building now known as the Sheely block at the corner

of Fifteenth and Harney streets.

He was a member of the Odd Fellows and
Knights of Honor, which orders have made arrangements for his funeral Sunday after-noon at 2 o'clock at the Kountze Memorial Lutheran chuach. The interment will be at Prospect Hill cemetery.

Indications now point to the fact that ere many days the new city hall will be heated by steam. There was appointed at Thursday night's council meeting a special committee to confer with Superintendent Coots relative to the matter. That gentleman laid the whole case before the committee, arguing that if the building was heated he could go ahead with the interior finish and rush it to The committee looked with favor upon the

proposition and undoubtedly will so report at the next regular council meeting. Mr. Coots said yesterday that most of the radiators on the lower floors had been set and that if necessary he could turn steam on within the next twenty-four hours. Small in size, great in results; DeWitt's

Raided the Joints. The police swooped down on a number of joints out near the fort yesterday and besides arresting the proprietors for selling

liquor without a license, confiscated a lot of beer and whisky.

Below is a list of the parties arrested:
August Grube, Mrs. Bankbart, Edward Foster and Edward Brooks. The complaint
which caused the search and arrest was filed by Frank Kitchmark, who recently obtained a license to sell liquor near the fort.

Equal with the interest of those having claim against the government is that of INVENTORS, who often lose the benefit of valuable inventions because of the incompetency or instendion of the attorney; employed to obtain their patents. Too much care cannot be exercised in employing computent and reliable solic tors to procure patents, for the value of a patent depends greatly, if not entirely, upon the care and skill of the attorney.

With the view of protecting inventors from worth less or careless attorneys, and of seeing that in reations are well protected by valid patents. THE 325 BUREAU has retained counsel expert in patent practice; and is therefore prepared to
